WABCOWÜRTH – MULTI-BRAND DIAGNOSTIC SOLUTIONS®

The world's only multi-brand diagnostics system, integrating WABCO capability into a single, comprehensive solution.

With its innovative solutions WABCOWÜRTH makes diagnosis easy, transparent and efficient - and efficient diagnostic systems get your business trip.

application areas:

- motor vehicle
- buses
- trailer
- transproter

Further information under: www.wabcowuerth.de

WOW! WÜRTH ONLINE WORLD GMBH

Powerful systems for easy A/C servicing!

Robust quality, precision and user-friendly operation - that's what the WOW! A/C service systems are known for. With our systems, you are prepared for future challenges in A/C servicing, be it passenger cars, vans or commercial vehicles.

Professional work with emissions testing systems

For emissions testing, WOW! is looking for mobility and freedom of movement for the workshop mechanic. Well equipped with the WOW! emissions systems for commercial vehicles.

Excellent passenger car diagnostics with the iQ system.

The WOW! diagnostics systems feature an extensive range of functions.

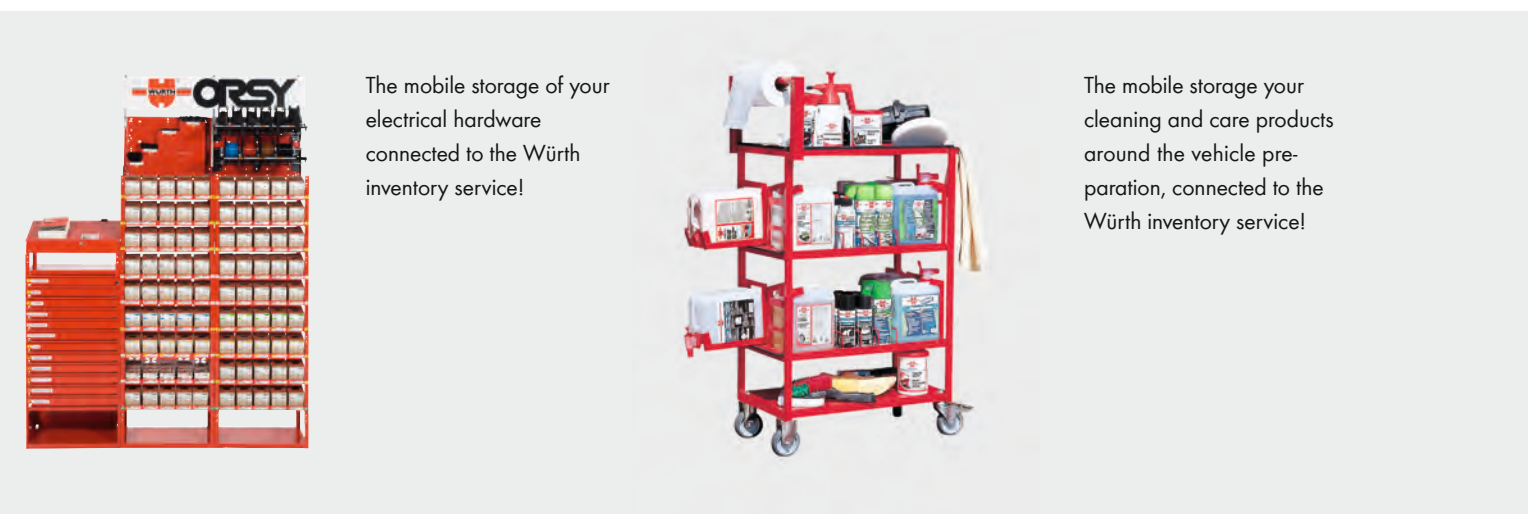

Further information under: www.wabcowuerth.de

SYSTEM-OVERVIEW

ORSY® Würth offers systems and services that keep your effort as low as possible!

- 1** The storage of your small parts around the tire business connected to the Würth inventory service!
- 2** The storage of your small parts around the windshield (exchange & repair) connected to the Würth inventory service!
- 3** The storage of your small parts around the air conditioning business connected to the Würth inventory service!

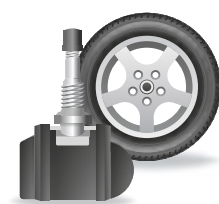

The mobile storage of your electrical hardware connected to the Würth inventory service!

The mobile storage your cleaning and care products around the vehicle preparation, connected to the Würth inventory service!

OE-SENSORS AND OE-SPARE-PARTS

Our comprehensive product range covers all major Sensors, spare parts and service kits of the following manufacturers Schrader, Beru/Huf and VDO. The entire range and more information on under:
