

DENON HOME 600

Denon Home 600 Wireless Smart Speaker

The Denon Home 600 wireless smart speaker delivers Dolby Atmos Music, enveloping you in rich, expansive sound that reveals every nuance. Built-in dual-height speakers add a lifelike vertical dimension, while the HEOS® app makes streaming and control simple. Crafted with an elevated design aesthetic, the Denon Home 600 is the ultimate expression of performance and style.

HIGHLIGHTS

YOUR BENEFITS

Easy setup, instant enjoyment

Go from unboxing to listening in minutes. With quick setup and intuitive app control, your favourite music is always just a tap away.

Hear the Denon difference

Experience full, detailed sound that fills your space and makes every song feel more alive and engaging.

Dolby Atmos Music

Hear your music expand across a wider, taller soundstage, adding incredibly lifelike dimension and realism.

Powered by HEOS™

Control your music, speakers, and rooms effortlessly from one easy app. Stream, group, and play your way, without the complexity.

Purposeful design

Elegant form meets intentional engineering. Denon Home fits effortlessly into any space while delivering balanced, detailed sound that elevates everyday listening.

A system that grows with you

Denon's connected ecosystem makes it easy to start small and expand anywhere—link speakers, AVRs, and soundbars for a system that fits every room and moment.

A complete ecosystem

Start with one speaker and grow your system over time—from single-room listening to immersive multi-speaker sound.

SINCE 1910 | DEFINING AUDIO EXCELLENCE

Tuned for exceptional sound quality

Denon Home speakers are expertly tuned by the Denon Sound Master for natural balance, rich detail, and the kind of warmth that makes every song feel alive.

Play all your music effortlessly

Play your favourite music your way—stream directly from leading apps; connect smartphones, portable media players, and other audio sources to the aux input; or connect with Bluetooth, AirPlay 2, or USB.

High-resolution audio

Enjoy music in remarkable detail with high-resolution streaming over Wi-Fi from leading services including TIDAL, Qobuz, and Amazon Music. Or, listen to lossless quality formats like DSD via USB or NAS-connected devices.

Eight-driver array with built-in subwoofers

A custom-engineered eight-driver array delivers rich, immersive sound with lifelike clarity and impact. Dual tweeters, 2.5-inch midrange woofers, 1" height speakers, and built-in 6.5-inch subwoofers deliver full, detailed audio that fills your space. Each driver is powered by its own amplifier for precise control and balance across the spectrum.

Start with one, expand anywhere

Group speakers or create zones for flexible listening throughout your home. Play a different song in every room or create a seamless whole-home soundtrack.

Stereo and surround pairing

Pair two Denon Home speakers wirelessly for a wider, more spacious stereo soundstage when listening to music. Or, build a wireless 5.1 home theatre by connecting Denon Home speakers to the Denon Home Sound Bar 550 and Denon Home Subwoofer.
