

MB1 B | Stand-Mount Two-Way Mini Monitor

The MB1 B is a stand-mount, two-way monitor. Our main goal was to create a small speaker that does what it does really well. The reflex port is placed in the front, and it uses special inlays that reduce noise to an extremely low level. While the speaker is small and stylish, the music performance is lively bright and bold, with a bass performance that defies its compact size. The speaker is front-ported to allow for placement near the rear wall.

The MB-series features the same good solid, two-way binding post. The feet are machined from aircraft quality aluminum and can be adjusted to level the speaker. For added rigidness, we have added a carbon sheet to the top panel; this, paired with extensive internal bracing, makes the cabinet inert and silent.

For the MB-1 we have a dedicated stand, with MB-series matching aluminum adjustable feet. The MB-1 also fits the X-1 stand.

SPECS:

Size, mm. (W×H×D):	178 x 312 x 286
Weight, kg.:	6,1 per item
Freq. response:	45 Hz – 40 KHz
Impedance:	> 8 ohm
Sensitivity:	86 db
Crossover:	2600 Hz / Minimum phase
Enclosure:	Curved, heavily braced, ventilated box design with front loaded port
Drive units:	1 x Ribbon tweeter 1 x 5,25" Mid/Woofer
Finish:	Black-silk, White-silk or Walnut
Amplification:	We recommend high quality amplifiers >50W
