

MB8G200

MID-BASS

Description

The MB8G200 is a professional mid-bass woofer featuring very high output and dynamics. The equipment, used a 22 coil, fiberglass former and copper inside / outside winding, has enable a very good transient peak response and has allowed good extension on mid-high frequencies. A specially designed M-roll surround guarantee a very low midrange distortion and perfect damping of the spurious resonances. Inverted dust cap for minimum cone break-up.

Features

- › 2-inch, fiberglass former, copper voice coil
- › 400W continuous program power handling
