

MARGHERITA EVO STONE

WOOD COOKER

Free your imagination in the kitchen thanks to the ingenious «PANEPIZZA» patented device. A single large door encloses two independent ovens: manage as much heat as you want, the upper oven is able to exploit higher temperatures thanks to a dedicated smoke path. Both ovens have a soapstone base and a dedicated thermometer. Water, baking powder and flour and a little magic happens in the house. Three seemingly very simple ingredients able to create something incredibly special and fragrant, which unites the whole family.
