

## **DECLARATION OF CONFORMITY**

The company GEL

Declares that the magnetic scale reducers of the line

### **ANTIKAL MAGNUM - ANTIKAL MEDIUM - ANTIKAL MINI**

are in compliance with the following Directives, Laws and Regulations

**Directive concerning the quality of waters for human use:**

- 1998/83/EEC dated 03/11/1998 assimilated in Italy with E.O. no. 31/01 and E.O. no. 27/02

We hereby certify that the above-mentioned units comply with the following conditions of general and special nature:

1. Compliance with the regulation in force for the materials used to manufacture the equipment in contact with water for civil use.
2. Respected limit values for exposure to magnetic fields.
3. Certification for above issued by competent institute.

Castelfidardo, 28/04/16  
General Manager

**Note:**

In accordance with the law No.37 dated January 22, 2008, the installing company has to issue to the buyer a Declaration of Conformity concerning the produced systems in compliance with the article No. 6.  
For this purpose, GEL supplies this document to be attached to the Declaration of Conformity.
