

Kermi Gia XP pentagon shower enclosure (two part hinged door with fixed panels)

Partly framed pentagon shower enclosure with two hinged doors and two fixed panels, for outwards opening. With Gia stabilisers (inside).

Glass panels with 6 mm single sheet safety glass in accordance with DIN EN 12150, with KermiClean as an additional option.

Anodised aluminium profiles and high-quality metal hinges and handles.

Adjustment in the wall profile 30 mm.

Hinges with rising hinge mechanism and completely integrated on the inside of the glass.

End-to-end magnetic sealing and sealing profiles, horizontal sealing strip in form of a gutter.

With floor sill (height 6 mm), or can be installed without floor sill (off-floor).

Due to the design of Gia XP 100% water tightness may not be achievable.

Fixing material and a freely placeable, transparent towel rail hook included in the scope of delivery.

Made in Germany.

Tested in accordance with DIN EN 14428 (CE) and PPP 53005 (TÜV / GS).

Quality management system certified in accordance with DIN EN ISO 9001:2008.

Environmental management system certified in accordance with DIN EN 14001:2004.

20 years guaranteed availability on all spare parts after discontinuation of model.
