

# CUSTOM TOUCH

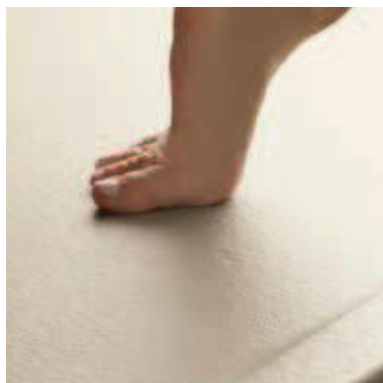

TECHNOLOGY AND  
SIMPLICITY ENCLOSED  
IN A UNIQUE TRAY.

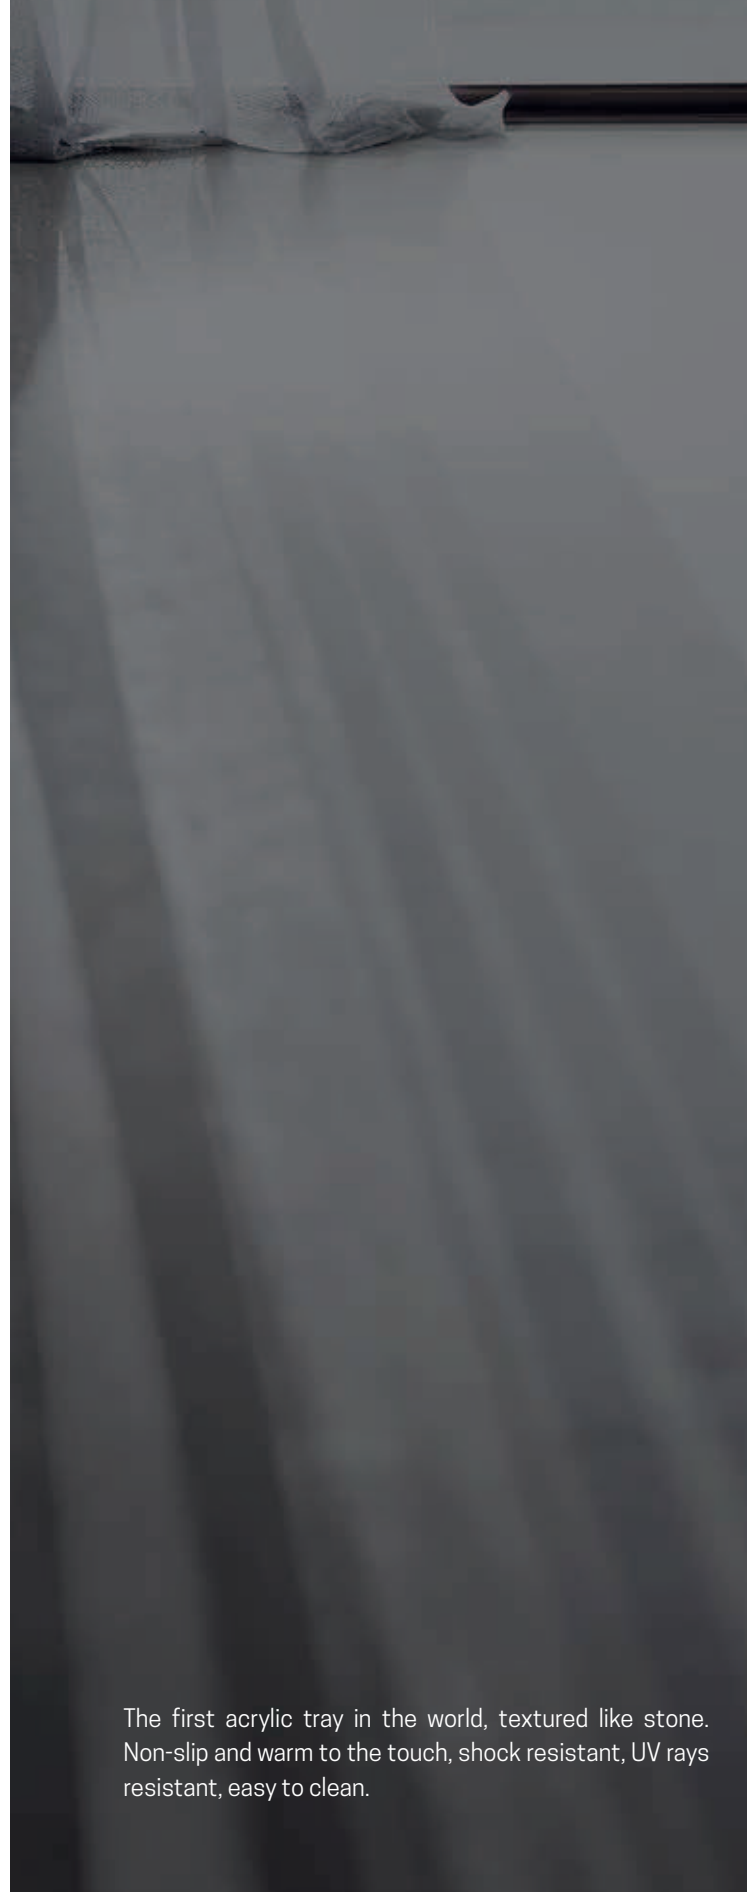

◀ Drain with exhaust flow 50 liters / minute with drain cover plate chromed stainless steel as standard

◀ Natural stone texture effect

◀ Anti-slip and warm to the touch

The first acrylic tray in the world, textured like stone. Non-slip and warm to the touch, shock resistant, UV rays resistant, easy to clean.

# CUSTOM TOUCH

# CUSTOM

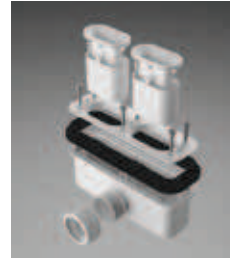

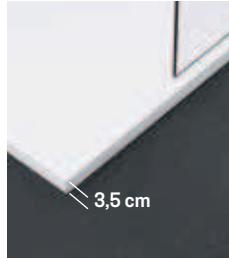

is the shower tray:

# 1

## AESTHETIC and FUNCTIONAL

The thickness is only 3.5 cm and the new waste system of 50 l/min, allows installations in support or flush floor, for maximum aesthetics and use.

Drain with exhaust flow 50 litres / minute with drain cover plate chromed stainless steel as standard

# 2

## ADAPTABLE

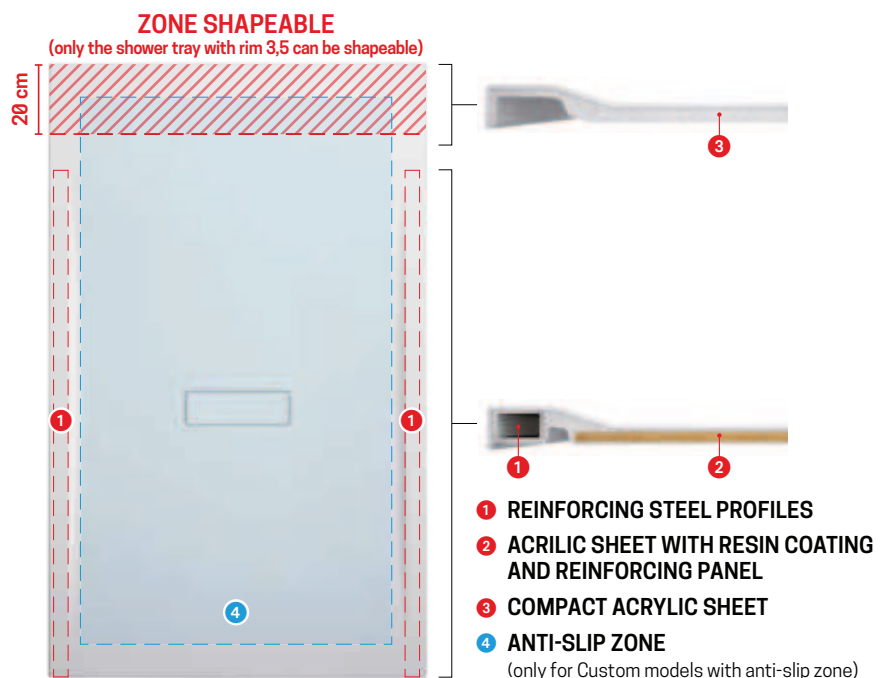

Shapeable to adapt to all architectural needs and available in 6 finishes and colors.

# 3

## SOLID and LIGHT

Steel bars run along the profiles of the plate for maintaining optimal flatness in any installation.
