

Noutati in instalarea cazilor

cersanit

- Noile placute de montaj cu o mai mare durabilitate
- Clemele vor fi produse in Starachowice
- Reducerea numarului de placute si de cleme

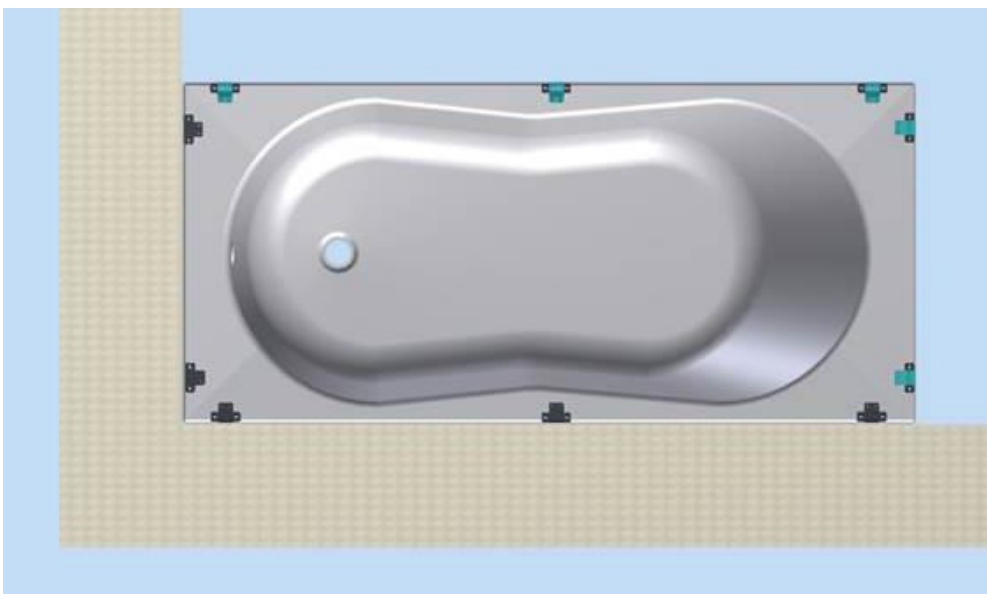

PROCES MONTAJ SIMPLIFICAT

Modificare in modul de instalare cazi

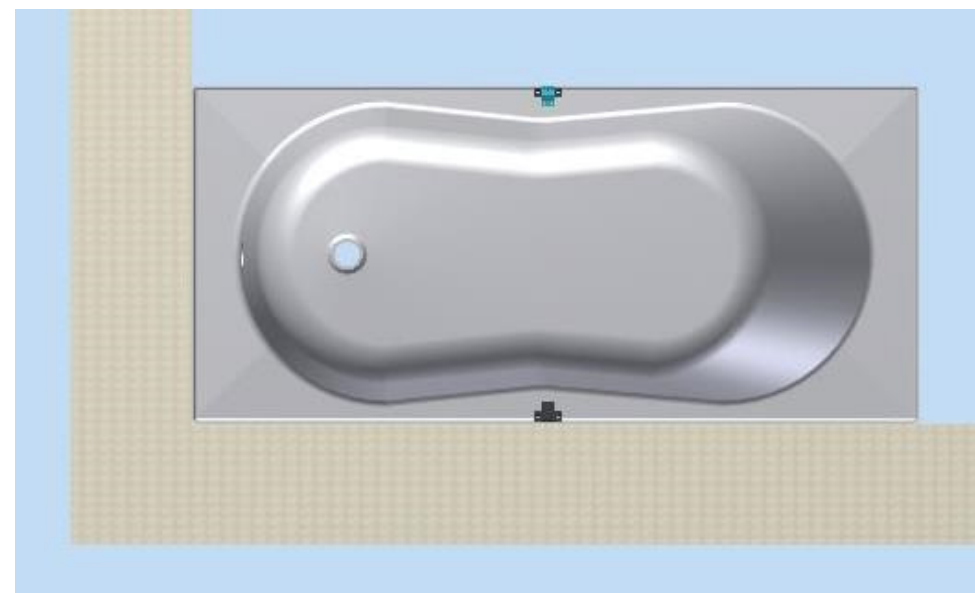

Cazi rectangulare

cersanit

Sistemul de montaj uzual

NOUL SISTEM de montaj

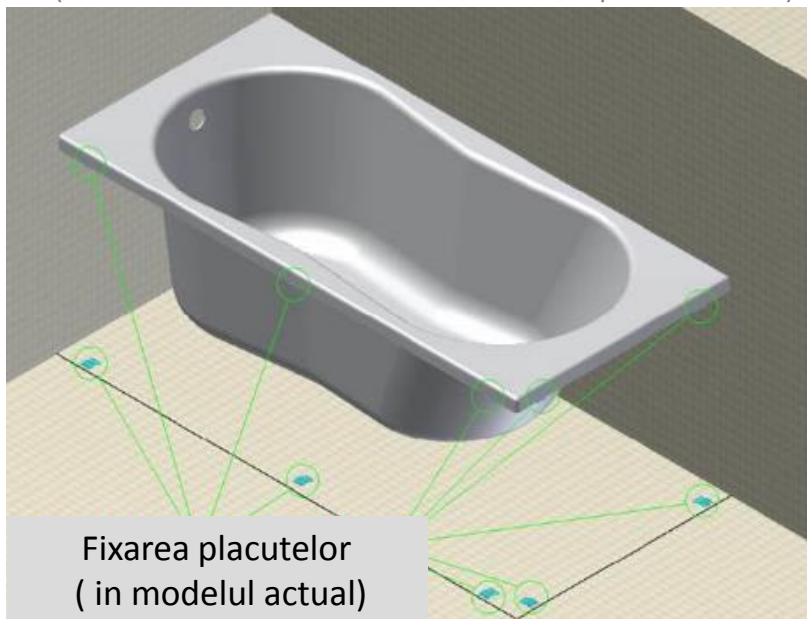

Cele 10 sisteme de prindere folosite pana acum s-au inlocuit cu doar 2 sisteme de prindere, care se regasesc la mijlocul lateralelor lungi. Noua placuta va fi montata impreuna cu noua clema.

Cazi rectangulare

Modelul actual

(Mastile se fixeaza de cada si de pardoseala)

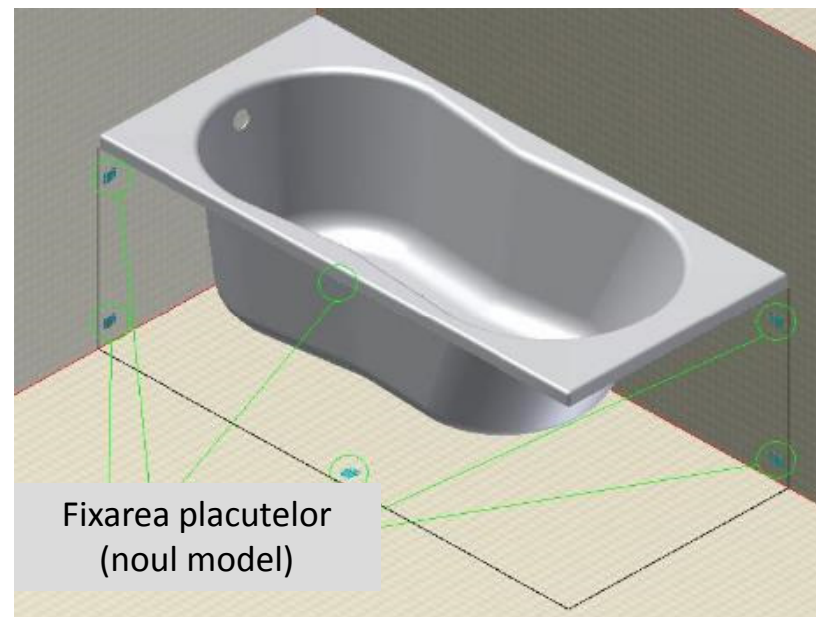

- 10 cleme fixate pe marginile cazii
- 10 placute de fixare:
 - 5 buc atasate la cleme
 - 5 buc de fixat in pardoseala

Modificari:

- Se reduce numarul de cleme si placute.
- O parte din placute se vor fixa de perete, in loc de pardoseala.

Noul sistem de montaj

(Mastile se fixeaza de cada, pardoseala si perete)

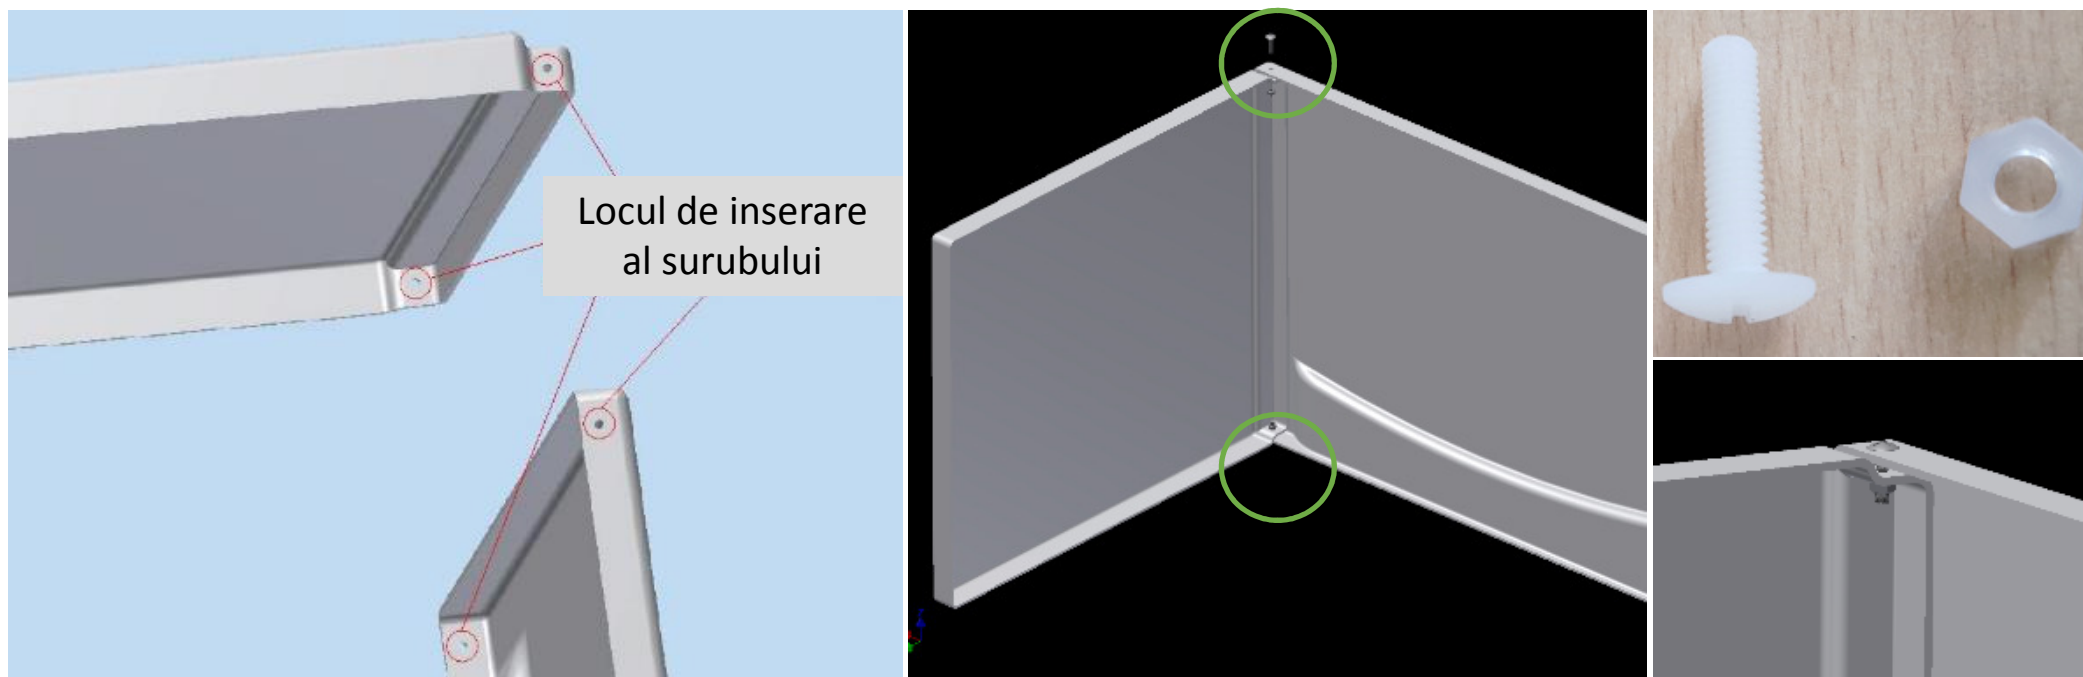

- 2 cleme atasate pe lateralele lungi
- 1 placuta va fi atasata la clema
- 1 placuta va fi fixata in pardoseala
- 4 placute vor fi fixate in perete: cate 2 pe fiecare parte

Modificare in modul de instalare cazi

Cazi rectangulare

Montarea mastii frontale cu masca laterala: vom folosi un surub si o piulita atat in partea de sus cat si in partea de jos

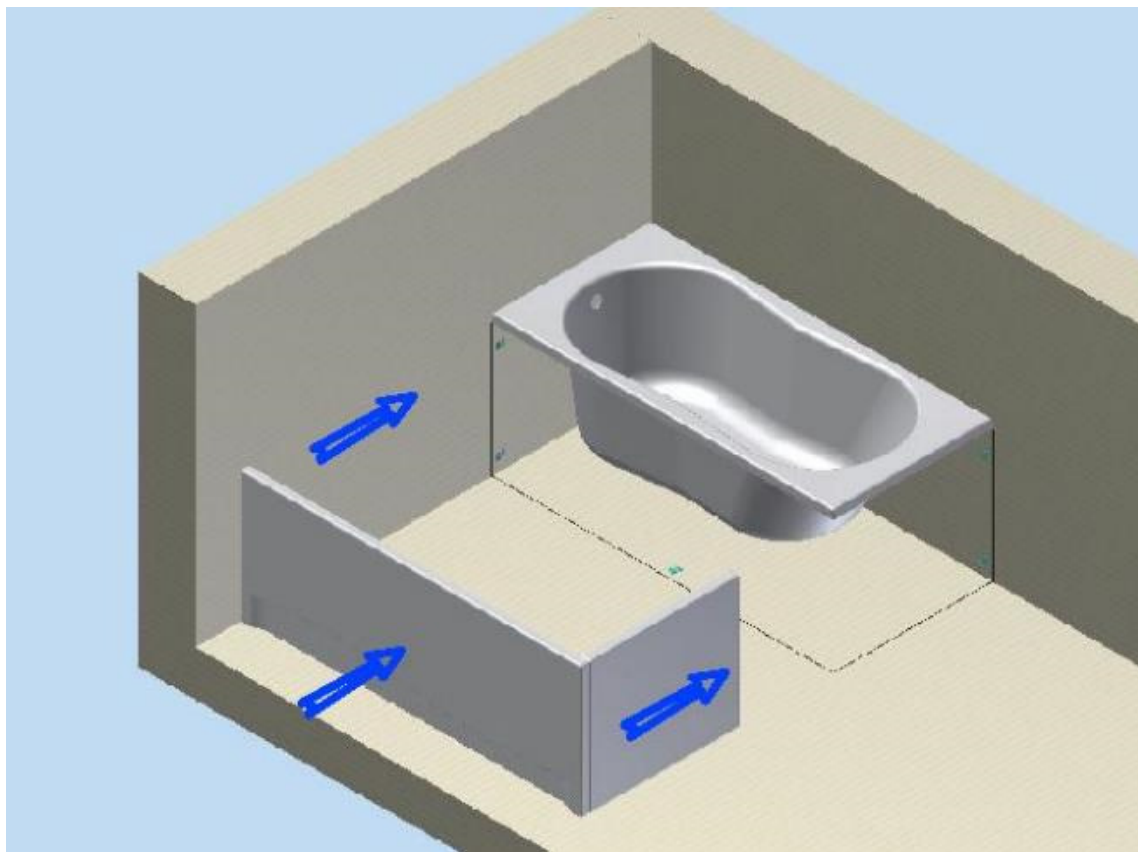

Modificari:

- Accesorii suplimentare: 2 suruburi & 2 piulite folosite la montajul mastii frontale de cea laterala.
- Gaurirea mastii laterale/frontale in cele 2 puncte de cuplare

Modificare in modul de instalare cazi Cazi rectangulare

cersanit

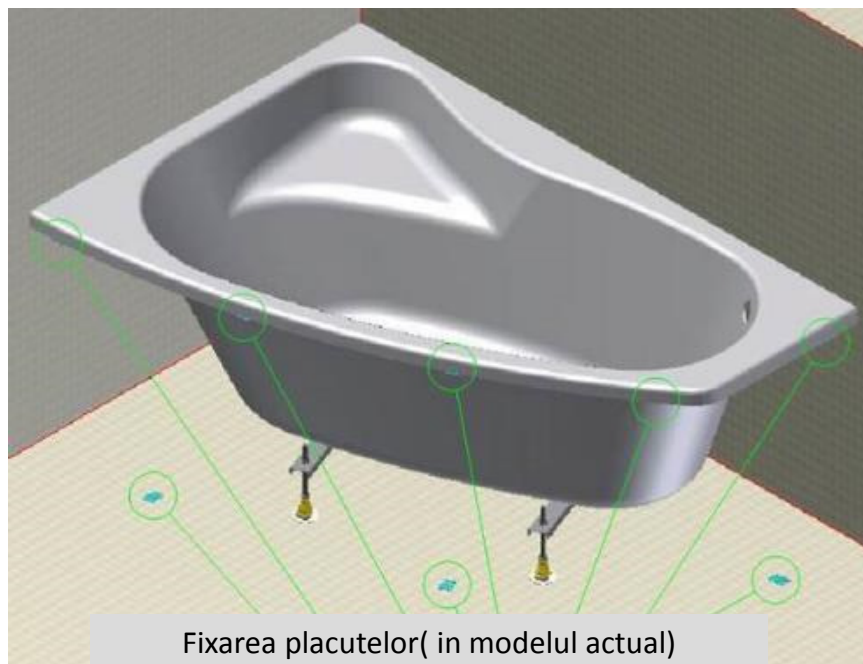

Mastile cuplate dupa modelul descris se vor atasa la cada.

Modificare in modul de instalare cazi

Cazi asimetrice

Modelul de montaj actual

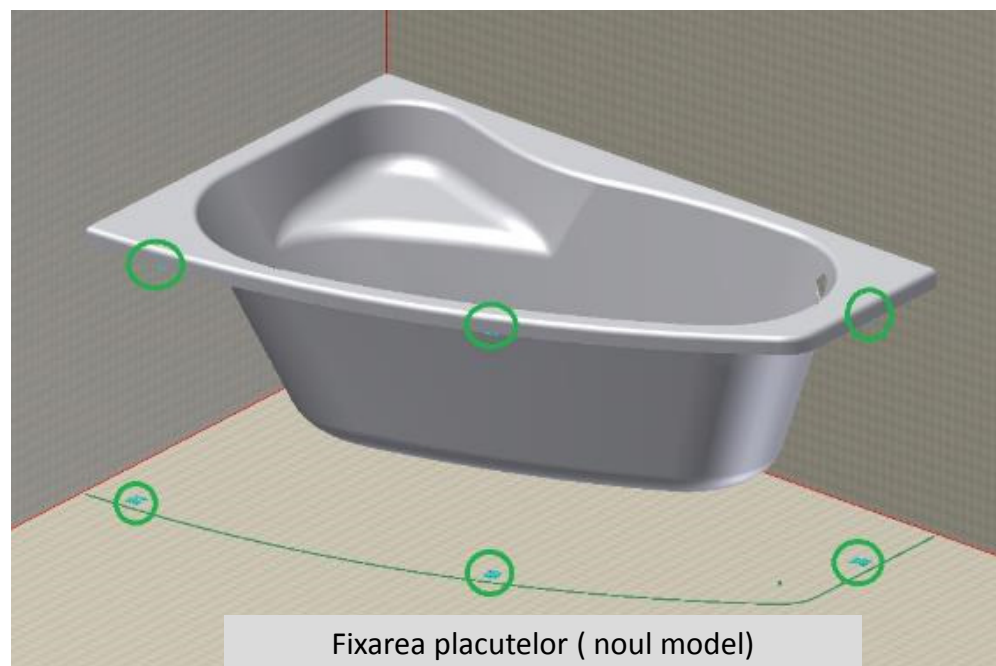

- 4-5 cleme atasate pe marginea cazii
- 8-10 placute care se fixeaza cu clemele si in pardoseala

Modificari:

- Reducerea numarului de cleme si placute

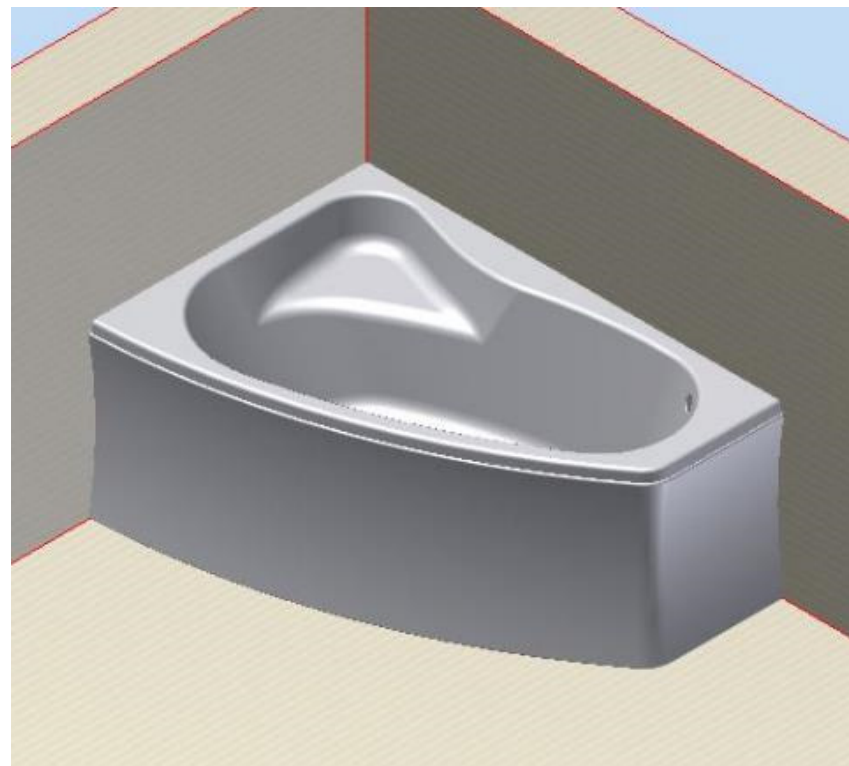

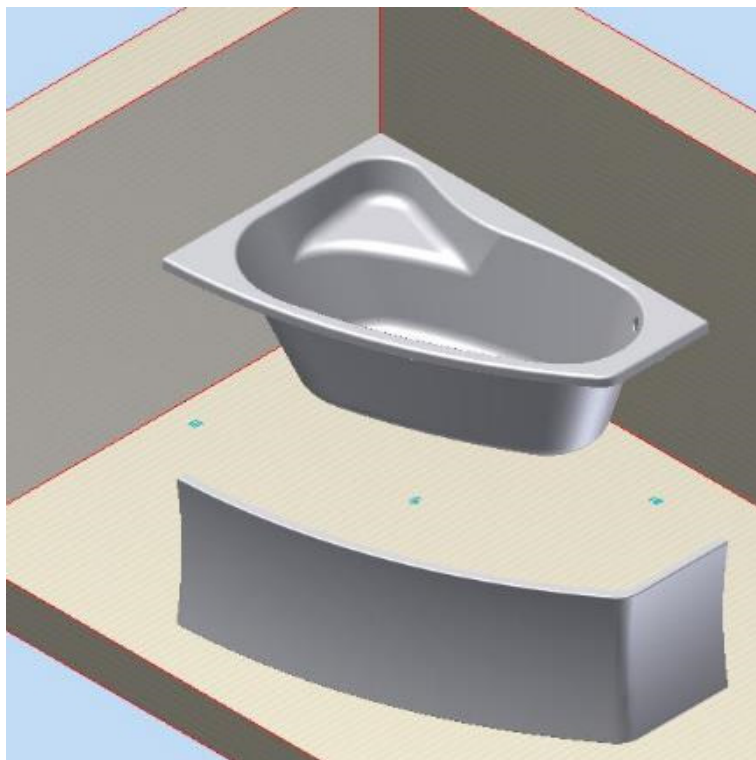

Noul model de montaj

- 3-4 cleme atasate pe marginea cazii
- 6-8 placute care se fixeaza cu clemele si in pardoseala.

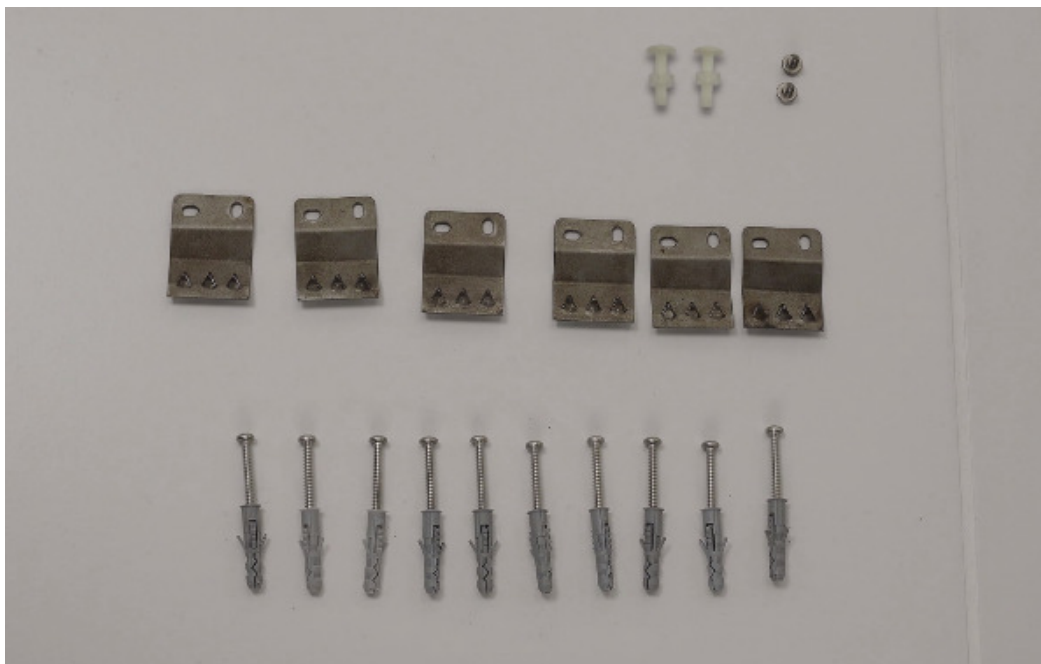

Modificare in modul de instalare cazi

Cazi asimetrice

Noul model de instalare al mastilor de cada
