

The secret to an immaculate, attractive bathroom space is total harmony between the separate fixtures and fittings and practical, well-designed organization elements. The Island collection is characterized by a unique design that not only allows each item to create a bold statement, but also to complement the rest of the accessories to perfection. This floating profile shelf is no exception: it adds practical function to the beauty and wellness area while maintaining the sleek, elegant lines of the bathroom and enhancing a sense of order.

Combine the shelf, which is available in a wide range of sizes, with hook (Ref. A8164500..) or containers (Ref. A816453043 and Ref. A816452043) to cover your specific storage needs. This balance between functionality and form, combined with the sophisticated finishes and textures, makes it the ideal complement to any bathroom.

The shelf is available in the four iconic Island collection materials to complement the décor in your bathroom: shiny Chrome creates a fresh, modern look; warm Greige lends a discreet, sophisticated air; the Nero finish adds a bold, contemporary feel; and Brushed Steel brings a unique, industrial finish.
