Object: DECLARATION OF CONFORMITY CALORIFIER WITH FIXED COIL, MODEL BOLLY ST-AP-XL

Bolly1		Bolly 2	
Capacity in lt	From 150 to 800	Code	See the product label

The calorifier is built by Cordivari in accordance with the EU directive 2014/68 for Article 4.3. of the same directive the tank must not be CE marked.

In compliance with the EU Directive 2014/68 (PED) as well as with the regulations N. 812/2013 and N. 814/2013 issued by the directive 2009/125 / CE (ErP - ecodesign requirements of energy-connected appliances) and by the directive 2010/30 / EC (energy labeling of the same), the technical and heat dispersion data together with the energy classes are shown on the labels / technical sheets attached to the product. These labels / technical data sheets are to be considered an integral part of these operating instructions.

The calorifier is built in carbon steel S235 JR UNI EN 10025.

The calorifiers in question are equipped with one or two fixed shell and tube heat exchangers suitable for operating with hot water at a pressure of 12 BAR and a maximum temperature of 110 ° C. All the containers, before the finishing treatment (Polywarm), are subjected to a hydraulic test equal to 1.3 times the maximum working pressure of 10 BAR and are suitable to operate at the maximum temperature of 90 ° C.

For all other technical data it is recommended to consult the Cordivari S.r.l. catalog
