

## Technical Parameters

Name	Electronic temperature controller
Model	KJRP-86A1-E
Power voltage	AC220V±10%,50Hz
Power consumption	<2W
Loaded current	<1A
Accuracy of control temperature	±1°C
Display accuracy of indoor temperature	1°C
Setting temperature range	17~30°C
Storage temperature	-5~55°C
Working temperature	5~45°C
Relative humidity	<92%
Installation method	standard 86 box installation
Surface material	PC+ABS antiframing
Surface size	86×86×15mm
