

DEPURA 900 - 1000 - 3000

1

Standard filters for 10" cartridges

Water filters of the **DEPURA 900 · 1000 · 3000** line are for domestic, technical and industrial use.

The DEPURA 900 are made up of **"two pieces"**, while the DEPURA 1000 and 3000 are made up of **"three pieces"**.

- The Head, available in brass or in plastic material (polypropylene with fibreglass for food use) is fitted with female plus male connections in one model.
- The Bowl can be:
 - in "two-piece" models - in plastic material (SAN)
 - in "three-piece" models - in plastic material (SAN) or in Trogamid for high pressures and temperatures.

The DEPURA 900 and 1000 filters can house the following types of cartridges:

- **Filtering cartridges:**
 - Wound cotton 5 µ and 20 µ (technical use)
 - Washable net P.P. 60 µ and 90 µ
 - Stainless steel washable net 90 µ
 - Flat stainless steel washable net 90 µ, (potable and technical use).
- **Cartridges with activated carbons:** chlorine removing, colour taste, smell removing and adsorbent action for technical use.
- **Cartridges with polyphosphates in crystals:** anti-scale and anti-corrosion action for technical use.

The DEPURA 3000 filters can house the following types of cartridges:

- **Filtering cartridges:**
 - Wound cotton 20 µ (technical use)
 - Washable net P.P. 90 µ
 - Stainless steel washable net 90 µ
 - Flat stainless steel washable net 90 µ, (potable and technical use).

The above-mentioned equipments are made with first quality material.

Filtering cartridges 10"

Item	Code
Washable net 60 µ	103.010.50
Washable net 90 µ	103.010.60
Washable net/3 90 µ	103.011.10
Stainless steel washable net 90 µ	103.020.50
Flat stainless steel wash. net 90 µ	103.020.90
Stainless steel wash. net /3 90 µ	103.020.60
Flat stainless steel wash. net/3 90 µ	103.020.80
Wound cotton 5 µ	103.030.60
Wound cotton 20 µ	103.030.50
Wound cotton/3 20 µ	103.030.65
Activated carbon cartridge	103.050.00
Polyphosphate cartridge Gelphos K	103.070.00
Empty cartridge	103.073.00
