

ESH 10 0-P Plus

SMALL WATER HEATER

PRODUCT-NO.: 201398

Less is more.

This practical small water heater is perfect for draw-off points in close proximity to each other. The pressure-tested appliance not only saves space, but is also easy to operate. With variable temperature selection, this water heater can easily cover low to moderate DHW demand in kitchens and bathrooms. It is even suitable for quick showers.

Providing good service and high efficiency.

Good performance is not the only benefit of this small water heater. Features low power consumption in standby mode due to high quality insulation.

The main features

For supplying one or more draw-off points with DHW

Simple temperature selection from 35 - 82 °C with variable adjustment on the appliance

Large DHW capacity, ideal for kitchens and bathrooms

Very low energy losses thanks to high grade thermal insulation

Practical ON indicator/control light

Straightforward installation thanks to standard plug

Type	ESH 10 O-P Plus
Part no.	201398

Technical data

Connected load	2 kW
Rated output 2	2.0 kW
Power supply	1/N/PE
Fuse protection 2	10 A
Frequency	50-60 Hz
Energy efficiency class	A
Standby energy consumption/24 h at 65 °C	0.34 kWh
Nominal capacity	10 l
Mixed water amount at 40 °C	18 l
Temperature setting range	35 - 82 °C
Version	Small water heater
Type	closed
Installation type	Oversink
With tap	-
Inner cylinder material	Steel, enamelled
Colour	white
Cable length	0.95 m
Operation	manual
Temperature limit	•
Temperature selection	35 °C
IP rating	IP 24 D

Height	506 mm
Width	296 mm
Depth	276 mm
Weight	8.00 kg
