

IP Gateway G10-3

Bezpečnostní pokyny

Instalaci/montáž musí provést odborník s oprávněním pro tyto práce, a to při dodržení platných předpisů. Nedodržení předpisů může vést k materiálním škodám a/nebo k poškození osob, případně až k ohrožení života.

- ▶ Zkontrolujte, zda rozsah dodávky nebyl poškozen. Montujte jen bezvadné díly.
- ▶ Dodržujte související platné návody systémových komponent, příslušenství a náhradních dílů.
- ▶ Před započetím jakýchkoliv prací: odpojte systém kompletně od napětí.
- ▶ Výrobek neinstalujte do vlhkých místností.
- ▶ Místo instalace nesmí být v nadmořské výšce větší než 2000 m.
- ▶ Dodržujte další bezpečnostní pokyny uvedené v technické dokumentaci vnitřní jednotky.

Sikkerhedsanvisninger

Installationen/monteringen skal udføres af en godkendt installatør under overholdelse af de gældende forskrifter. Manglende overholdelse af bestemmelserne kan føre til materielle skader og/eller personskader, som kan være livsfarlige.

- ▶ Kontrollér, at leveringsomfanget er intakt og uden skader. Installér kun dele, som er intakte og uden skader
- ▶ Gældende vejledninger for anlægskomponenter, tilbehør og reservedele skal overholdes.
- ▶ Før arbejdet udføres: Afbryd anlægget, så det er spændingsløst på alle poler.
- ▶ Produktet må ikke installeres i fugtige rum.
- ▶ Installationsstedet må ikke befinde sig højere oppe end 2000 m over havets overflade.
- ▶ Overhold yderligere sikkerhedsanvisninger i den tekniske dokumentation til indeenhederne.

Veiligheidsinstructies

De installatie/montage moet worden uitgevoerd door een voor de werkzaamheden geautoriseerde vakman rekening houdend met de geldende voorschriften. Niet aanhouden van de instructies kan materiële schade, lichamelijk letsel of zelfs levensgevaar tot gevolg hebben.

- ▶ Controleer of de leveringsomvang niet beschadigd is. Monteer alleen onderdelen die in optimale conditie verkeren.
- ▶ Houd tevens geldende instructies van installatiecomponenten, accessoires en reserveonderdelen aan.
- ▶ Voor alle werkzaamheden: installatie over alle polen spanningsloos schakelen.
- ▶ Installeer het product niet in vochtige ruimten.
- ▶ De installatieplaats mag niet hoger liggen dan 2000 m boven zeeniveau.
- ▶ Meer veiligheidsaanwijzingen kunt u vinden in de technische documentatie van de binnenunits.

⚠ Safety precautions

Installation/assembly must be carried out by an authorised qualified person with due regard to the relevant regulations. Failure to comply with the regulations may result in material damage and/or personal injury, including risk to life.

- ▶ Check that the scope of delivery is undamaged. Install only parts which are in a faultless condition.
- ▶ Observe all the relevant instructions for other system components, accessories and spare parts.
- ▶ Before starting any work: disconnect the system from the power supply across all phases.
- ▶ Never install the product in wet rooms.
- ▶ The installation location must not be higher than 2000 m above sea level.
- ▶ More safety instructions can be found in the technical documentation of the indoor units.

1 Regulations

In order to ensure installation and operation of the product in accordance with the regulations, please observe all the applicable national and regional regulations as well as all technical rules and guidelines.

You can find a list of the most relevant British and European directives and regulations in the table below.

EU legislation	UK legislation
Electromagnetic Compatibility - Directive 2014/30/EU	Electromagnetic Compatibility Regulations 2016
Low Voltage Directive 2014/35	Electrical Equipment (Safety) Regulations 2016
Radio Equipment - Directive 2014/53/EU	Radio Equipment Regulations 2017
Pressure Equipment - Directive 2014/68/EU	Pressure Equipment (Safety) Regulations 2016
Gas Appliances - Regulation (EU) 2016/426	Regulation 2016/426 on gas appliances as brought into UK law and amended

Simplified UK/EU Declaration of conformity regarding radio equipment

EU legislation	UK legislation
Machinery Directive 2006/42/EC	Supply of Machinery (Safety) Regulations 2008
Ecodesign Directive 2009/125/EC	The Ecodesign for Energy-Related Products Regulations 2010
Energy Labelling Regulation (EU) 2017/1369	Energy Labelling Regulation (EU) 2017/1369 (as retained in UK law and amended)
Restriction of the Use of certain Hazardous Substances in Electrical and Electronic Equipment (RoHS) - Directive 2002/95/EC	The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2012
European Directive 2012/19/EC on old electronic and electrical appliances	(UK) Waste Electrical and Electronic Equipment Regulations 2013 (as amended)

Table 1

2 Simplified UK/EU Declaration of conformity regarding radio equipment

Bosch Thermotechnik GmbH hereby declares, that the product IP Gateway G10-3 described in these instructions complies with the Directive UK S.I. 2017/1206 (UK) 2014/53/EU.

You can request the complete text of the UK/EU Declaration of Conformity from the UK address indicated in this document.

3 FCC Compliance Statement (USA)

FCC ID: 2A0DDIPGWG10-3**Compliance Statements:**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference.
- This device must accept any interference received, including, an interference that may cause undesired operation.

Caution Statements:

- Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.
- This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.

4 Industry Canada (IC) Compliance Statement

IC ID: 23386IPGWG10-3**Compliance Statements:**

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: 1) This device may not cause interference., 2) This device must accept any interference, including interference that may cause undesired operation of the device.

Déclarations de conformité:

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Caution Statements:

- This equipment complies with radio frequency exposure limits set forth by Industry Canada for an uncontrolled environment.
- This equipment should be installed and operated with a minimum distance of 20 cm between the device and the user or bystanders.

Déclarations de mise en garde:

- Cet équipement est conforme aux limites d'exposition aux radiofréquences définies par Industrie Canada pour un environnement non contrôlé.
- Cet équipement doit être installé et utilisé avec un minimum de 20 cm de distance dispositif et l'utilisateur ou des tiers.

5 Information to the user

Class A

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications.

Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

Class B

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- ▶ Reorient or relocate the receiving antenna.
- ▶ Increase the separation between the equipment and receiver.
- ▶ Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- ▶ Consult the dealer or an experienced radio/TV technician for help.

Ohutusjuhised

Paigaldamist/montaaži tohib läbi viia selleks volitusi omav spetsialist, arvestades kehtivaid nõudeid. Ettenähtud väärtuste arvestamata jätmine võib kahjustada seadmeid, põhjustada vigastusi või isegi eluohtlikku olukorda.

- ▶ Kontrollida, et kõik tarnekomplekti kuuluv on kahjustamata. Paigaldada võib ainult laitmatus korras olevaid detaile.
- ▶ Tuleb järgida kõiki seadme komponentide, tarvikute ja varuosade kohta kaaskehtivaid juhendeid.
- ▶ Enne mis tahes tööde alustamist tuleb: seade elektritoitevõrgust täielikult lahti ühendada.
- ▶ Seadet ei tohi paigaldada niiskesse ruumi.
- ▶ Paigalduskoht ei tohi olla kõrgemal kui 2000 m üle merepinna.
- ▶ Järgige siseüksuste tehnilises dokumentatsioonis olevaid muid ohutusjuhiseid.

Turvallisuusohjeet

Asennus- ja kokoonpanotyöt saa suorittaa vain näihin töihin hyväksytty alan ammattilainen voimassa olevien määräysten mukaisesti. Ohjeiden noudattamatta jättäminen voi aiheuttaa aineellisia vahinkoja ja/tai jopa hengenvaarallisia henkilövahinkoja.

- ▶ Tarkasta, että toimitettu tuote on vahingoittumaton. Käytä asennuksessa ainoastaan moitteettomia osia.
- ▶ Noudata laitekomponenttien, lisätarvikkeiden ja varaosien asianomaisia ohjeita.
- ▶ Tee laitteisto kaikista navoistaan jännitteettömäksi ennen töiden aloittamista.
- ▶ Tuotetta ei saa asentaa kosteisiin tiloihin.
- ▶ Asennuspaikan korkeus merenpinnasta saa olla enintään 2000 m.
- ▶ Huomio muut turvallisuusohjeet sisäyksiköiden teknisestä dokumentaatiosta.

Consignes de sécurité

L'installation/le montage doit être effectué(e) par un spécialiste qualifié pour les opérations concernées et dans le respect des prescriptions applicables. Le non-respect des prescriptions peut entraîner des dommages matériels et/ou des dommages personnels, voire la mort.

- ▶ Vérifier si le contenu de la livraison est en bon état. N'utiliser que des pièces en parfait état.
- ▶ Respecter également les notices des composants de l'installation, des accessoires et des pièces de rechange.
- ▶ Avant tous les travaux : couper la tension sur tous les pôles de l'installation.
- ▶ Ne pas installer le produit dans des pièces humides.
- ▶ L'altitude du local d'installation ne doit pas être supérieure à 2 000 m au-dessus du niveau de la mer.
- ▶ Respecter les consignes de sécurité fournies dans la documentation technique des unités intérieures.

⚠ Sicherheitshinweise

Die Installation/Montage muss durch eine für die Arbeiten zugelassene Fachkraft unter Beachtung der geltenden Vorschriften erfolgen. Nichtbeachten der Vorgaben kann zu Sachschäden und/oder Personenschäden bis hin zur Lebensgefahr führen.

- ▶ Lieferumfang auf Unversehrtheit prüfen. Nur einwandfreie Teile einbauen.
- ▶ Mitgelieferte Anleitungen von Anlagenkomponenten, Zubehör und Ersatzteilen beachten.
- ▶ Vor allen Arbeiten: Anlage allpolig spannungsfrei machen.
- ▶ Produkt nicht in Feuchträumen installieren.
- ▶ Der Installationsort darf nicht höher liegen als 2000 m über dem Meeresspiegel.
- ▶ Weitere Sicherheitshinweise in der technischen Dokumentation der Inneneinheiten beachten.

Avvertenze di sicurezza

L'installazione deve essere eseguita da un tecnico specializzato autorizzato in osservanza delle disposizioni vigenti. Il mancato rispetto delle indicazioni può provocare danni a cose e/o a persone con pericolo di morte.

- ▶ Verificare che il volume di fornitura sia in buono stato. Installare solo parti in perfetto stato.
- ▶ Osservare le istruzioni allegate dei componenti dell'impianto, degli accessori abbinabili e dei ricambi originali.
- ▶ Prima di tutti i lavori: staccare dalla tensione tutte le polarità dell'impianto.
- ▶ Non installare il prodotto in locali umidi.
- ▶ Il luogo di installazione non deve essere situato a più di 2000 m sul livello del mare.
- ▶ Rispettare le altre avvertenze di sicurezza contenute nella documentazione tecnica delle unità interne.

Drošības norādījumi

Instalācija/montāža jāveic darbu veikšanai sertificētam speciālistam, ievērojot spēkā esošos noteikumus. Noteikumu neievērošana var radīt mantiskos bojājumus un/vai traumas, kā arī nāvējošas traumas.

- ▶ Pārbaudiet, vai piegādes komplekts nav bojāts. Montāžai lietojiet tikai nevainojamā stāvoklī esošus komponentus.
- ▶ Ievērojiet iekārtas komponentu, piederumu un rezerves daļu instrukcijas.
- ▶ Pirms jebkādu darbu uzsākšanas: izslēdziet iekārtas strāvas padevi visiem poliem.
- ▶ Neinstalējiet ierīci mitrās telpās.
- ▶ Uztādīšanas vieta nedrīkst būt augstāka par 2000 m virs jūras līmeņa.
- ▶ Ievērojiet drošības norādījumus iekšējo bloku tehniskajā dokumentācijā.

Saugos nurodymai

Instaliavimo / montavimo darbus, laikydamiesi galiojančių taisyklių, privalo atlikti šioms darbams įgalioti specialistai. Nesilaikant nurodymų, galima patirti materialinės žalos ir / arba gali būti sužaloti asmenys ar net iškilti pavojus gyvybei.

- ▶ Patikrinkite, ar pristatytame komplekte yra visos reikiamos dalys. Įmontuokite tik nepriekaištingos būklės dalis.
- ▶ Taip pat laikykitės įrenginio komponentų, priedų ir atsarginių dalių galiojančių instrukcijų.
- ▶ Prieš pradėdami bet kokius darbus: atjunkite įrenginio visų fazių srovę.
- ▶ Nemontuokite gaminio drėgnose patalpose.
- ▶ Montavimo vieta turi būti ne aukščiau kaip 2000 m virš jūros lygio.
- ▶ Laikykitės kitų saugos reikalavimų, pateiktų vidinių blokų techninėje dokumentacijoje.

Sikkerhetsinstruksjoner

Installasjon/montasje skal gjennomføres av autoriserte fagkyndige, og installasjonsanvisningen samt gjeldende forskrifter skal følges. Feilbetjening kan føre til materielle skader og/eller personskader med fare for tap av liv.

- ▶ Kontroller at leveransen er intakt. Kun intakte komponenter skal monteres.
- ▶ Vær oppmerksom på bruksanvisninger for anleggskomponenter, tilbehør og reservedeler.
- ▶ Før arbeid utføres: Koble anlegget helt fra strømforsyningen.
- ▶ Produktet skal ikke installeres i våtrom.
- ▶ Installasjonsstedet må ikke være høyere enn 2000 m over havet.
- ▶ Følg de andre sikkerhetsmerknadene i den tekniske dokumentasjonen for de innvendige enhetene.

Wskazówki bezpieczeństwa

Instalację/montaż powinien wykonać specjalista uprawniony do tego typu prac z uwzględnieniem aktualnie obowiązujących przepisów. Ignorowanie tych wytycznych grozi uszkodzami materialnymi i/lub urazami cielesnymi ze śmiercią włącznie.

- ▶ Sprawdzić zakres dostawy, czy nie jest on naruszony. Należy montować wyłącznie elementy będące w nienagannym stanie.
- ▶ Przestrzegać dodatkowych instrukcji dołączonych do części instalacji, osprzętu dodatkowego oraz części zamiennych.
- ▶ Przed przystąpieniem do wykonywania wszelkich prac: odłączyć instalację od zasilania sieciowego (wszystkie bieguny).
- ▶ Nie montować wyrobu w pomieszczeniach wilgotnych.
- ▶ Miejsce instalacji nie może znajdować się na wysokości większej niż 2000 m n.p.m.
- ▶ Przestrzegać pozostałych wskazówek bezpieczeństwa zawartych w dokumentacji technicznej jednostek wewnętrznych.

⚠ Indicações de segurança

A instalação/montagem deve ser efetuada por um técnico especializado com qualificações para os trabalhos, tendo em atenção os regulamentos em vigor. A não observância das especificações pode provocar danos materiais e/ou ferimentos e até perigo de morte.

- ▶ Verificar se o volume de fornecimento está intacto. Instalar apenas peças em perfeitas condições.
- ▶ Ter em consideração as instruções aplicáveis de componentes da instalação, acessórios e peças de substituição.
- ▶ Antes de todos os trabalhos: desligar a instalação da corrente em todos os polos.
- ▶ Não instalar o produto em espaços húmidos.
- ▶ O local de instalação não deve situar-se a mais de 2000 m acima do nível do mar.
- ▶ Observe mais indicações de segurança na documentação técnica das unidades interiores.

Indicaciones de seguridad

La instalación/el montaje lo debe realizar un técnico autorizado para los trabajos, respetando las prescripciones vigentes. La inobservancia de las indicaciones puede ocasionar daños materiales y/o lesiones a las personas, incluso peligro de muerte.

- ▶ Comprobar la integridad del volumen de suministro. Montar únicamente las piezas que estén correctas.
- ▶ Respetar las instrucciones de referencia de los componentes de la instalación, los accesorios y las piezas de repuesto.
- ▶ Antes de todos los trabajos: eliminar la tensión en todos los polos de la instalación.
- ▶ No instalar el producto en espacios con humedad.
- ▶ El lugar de instalación no debe estar a más de 2000 m sobre el nivel del mar.
- ▶ Tener en cuenta las indicaciones adicionales de seguridad en la documentación técnica de las unidades interiores.

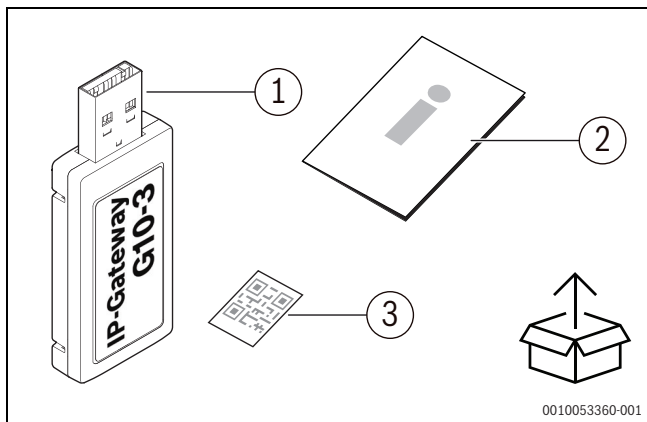

⚠ Säkerhetsanvisningar

Installationen/monteringen måste utföras av en behörig yrkesperson enligt gällande föreskrifter. Om specifikationer inte följs kan det leda till skador på utrustning och/eller personskador och till och med livsfara.

- ▶ Kontrollera att leveransinnehållet är intakt. Installera endast felfria delar.
- ▶ Tillämpliga anvisningar för systemkomponenter, tillbehör och reservdelar ska också följas.
- ▶ Före alla arbeten ska anläggningen försättas i spänningsfritt tillstånd.
- ▶ Produkten får inte installeras i våtrum.
- ▶ Uppställningsrummet får inte vara högre än 2000 m över havsytan.
- ▶ Följ de ytterligare säkerhetsanvisningarna i den tekniska dokumentationen för inneenheten.
