DTC1250e

FAST, ECONOMICAL, SIMPLIFIED & SECURE CARD PRINTING

Fast, easy-to-use, secure and eco-friendly, the **FARGO® DTC1250e** sets the bar for high-quality yet economical ID card printing.

HID

Create simple, yet visually rich ID badges and cards in minutes!

TRUSTED AROUND THE GLOBE

With over one million units sold and billions of cards printed, the **FARGO DTC1250e** direct-to-card printer has proven essential for any small business or school that needs secure, affordable and reliable card printing.

FAST AND EASY TO OPERATE

Simple and intuitive **plug-and-play operation** coupled with **fast printing** minimizes wait time for personalized, on-demand cards and IDs. Moreover, the printer's compact footprint fits easily on any desk or countertop.

VERSATILE CARD APPLICATIONS

Add optional contact and/or contactless card encoding to access a variety of applications:

- **Contactless door entry**
- **Cashless vending**
- **Time & attendance**
- **Logical access to computers/networks**

AFFORDABLE, HIGH-QUALITY PRINTING

Create **visually rich credentials** that reflect your brand while keeping costs at a minimum. High-quality yet cost-effective ECO ribbons can yield an approximate **20% lower cost per image.**
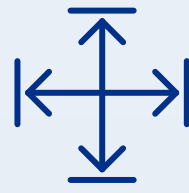

Earth-Friendly

GreenCircle® Certified for efficient energy consumption as well as support for eco-friendly (ECO) refill ribbons and rewritable cards.

Secure

Inclusive resin scramble data protection hides any information with a resin panel while AES 256 data encryption provides additional peace of mind.

Highly Versatile

With both single- and dual-side printing available along with an array of encoding options from which to choose — the DTC1250e can be configured to meet virtually any need.
