

Access control made for the modern world

TruPortal™ delivers user-friendly operation while expanding features and functionality to meet more application needs

Effective, intuitive access control for today and tomorrow

Well-suited for small to mid-sized applications, TruPortal™ represents the ideal solution for out-of-the-box access control that delivers full-featured options while being simple to install and operate without special training.

The TruPortal system is built for modern demands and applications, complete with iPad®, iPhone® and Android™ smartphone applications for remote-based management, 64-door/camera capability, simplified wizard-based installation, action triggers and more. TruPortal is the flexible, reliable access control solution for today's applications.

Plus, TruPortal's browser-based functionality requires no server, license or software to install and it easily integrates with TruVision® surveillance recorders and cameras for complete video capabilities.

Rich features when and where you need them most

TruPortal combines all the features of the Web Client application in a native iPad, iPhone and Android app to remotely monitor system activity and perform administrative tasks. Mobile users can perform the most common command and control functions including video, reports and door commands direct from their phones.

iPhone App

Android App

Web-browser-based operation

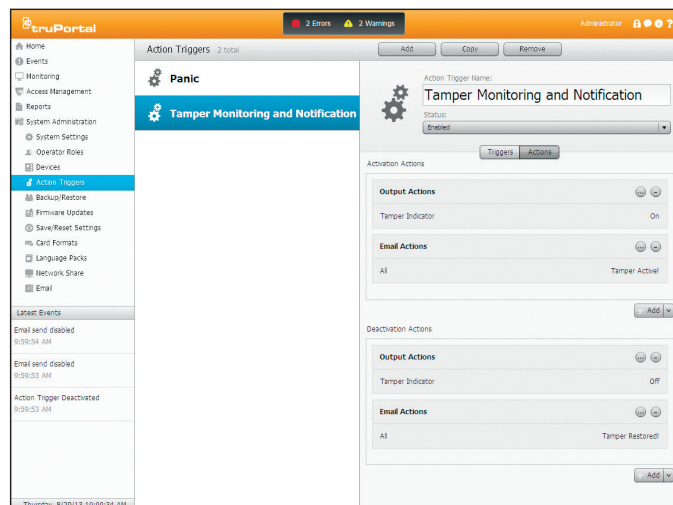

Access to wizards, tool tips, quick start guide and context-sensitive help for everyday tasks

Works with popular browsers:
Internet Explorer, Chrome, Safari, Firefox

Multi-language*

Graphical diagnostic dashboard

Intuitive report generation

* Simplified Chinese, Dutch, English, Finnish, French, German, Italian, Portuguese, Spanish, Swedish and Turkish.

Diagnostics

Device Tree

Reports

Action Triggers

Designed for easy access to essential information

Featuring comprehensive tool tips, context-sensitive help and graphical diagnostics, TruPortal™ provides an intuitive user interface that makes operations even easier.

Clean, icon-based screens

User wizards with step-by-step instructions

Rich functionality for simple search, reports and schedules

Expanded video integration with TruVision surveillance recorders

Documented WEB API for 3rd Party system integration

Hardware discovery function during initial and subsequent hardware installations makes set-up quick and easy.

Low total cost of ownership

Not only does TruPortal™ set a new standard in high-performance access control functionality, but it also is designed to help reduce costs for an even more attractive solution offering.

No dedicated server greatly reduces up-front cost

Eliminates need for software installation and licensing

No application, operating system or database maintenance required

IP PoE single door controller leverages existing IP infrastructure

FREE upgrades—no annual software licensing fees

Seamless integration for complete coverage

TruPortal is designed to be part of a multi-faceted security system, working effectively with additional components. The TruPortal system provides simple and intuitive video integration with access events, along with scheduled and manual data backup capabilities.

User-definable fields

Remote door control

Scheduling with recurring holidays

Reader groups and schedules

Enforced anti-passback

Flexible Wiegand reader choices to accommodate 3rd-party integration; including Assa Abloy and Schlage® wireless locks

Powerful action triggers for IF/THEN functionality

The ideal solution to meet growing needs

As requirements expand, TruPortal™ easily accommodates future growth. Starting with the main system controller for up to 2 doors/4 readers, users can increase their coverage in increments of 1 door/2 readers using the newly released single-door IP-based controller. PoE IP-based capabilities mean no cable running required—TruPortal plugs into existing infrastructure to be up and running quickly.

TruPortal offers automation features for added convenience and security:

- ▶ Database backup at regularly scheduled intervals
- ▶ Action triggers that generate emails in response to critical events

TruPortal features at a glance

ACCESS CONTROL

- ▶ Card & PIN OR PIN reader mode (Support for Unique User PIN)
- ▶ Anti-Passback
- ▶ Reader Groups
- ▶ I/O Monitor and Control
- ▶ Global Door Lock/Unlock
- ▶ Door Fallback Mode
- ▶ Holidays
- ▶ Egress Emergency/Mustering
- ▶ Otis CompassPlus and generic elevator control

REPORTS

- ▶ HTML View/Print
- ▶ CSV Export User Diagnostics
- ▶ Power and Hardware Status
- ▶ Resource Usage
- ▶ System and Device Capacities
- ▶ Egress Emergency/Mustering

USABILITY

- ▶ Simplified workflow for badge addition
- ▶ Simplified Wizard user experience
- ▶ Enhanced Event and Person Search
- ▶ Record Copy
- ▶ Context-Sensitive Help
- ▶ User Wizards
- ▶ Mobile Applications: iPhone®/Android
- ▶ DDNS service support

SECURITY

- ▶ HTTPS Communications
- ▶ SSL Certificate Import
- ▶ Operator Roles
- ▶ Configurable TCP/IP Ports

VIDEO INTEGRATION

- ▶ Expanded video: including IP video through the TruVision line
- ▶ Generic TruVision recorder support
- ▶ View Live/Recorded
- ▶ Playback Events Linked to Devices
- ▶ Save Video Clips

OTHER

- ▶ Documented WEB API for 3rd Party system integration
- ▶ Simplified Wizard user experience
- ▶ User-Defined Person Fields
- ▶ NTP Time Sync
- ▶ Scheduled Backup
- ▶ Action Triggers
- ▶ Email Notifications

Ordering Information (Australia & New Zealand)

Ordering Information

Base Systems

TP-SYS-BRD	TruPortal System Controller.
-------------------	------------------------------

Add-Ons

TP-ADD-2D-BRD	TruPortal 2-Door Interface Module. Board only.
TP-ADD-IO-BRD	TruPortal I/O Expansion Module. Board(s) only. 16 inputs and 8 relay output (consists of 2 separate but interconnected boards).
TP-ADD-1DIP-BRD	TruPortal IP-Based Single Door Module. Board only.

Readers

TP-RDR-100A	TruPortal T-100 Series Reader (mini-mullion mount, ProxLite/HID® 3 covers, 18"/45.7cm pigtail wire, Wiegand output)
--------------------	---------------------------------------------------------------------------------------------------------------------

Credentials

TP-CP-KF-BK-25PK	TruPortal Credential - Interlogix Prox Keyfobs Piano Black - 25 Pack
